

# Alliance Coaching

## Strength in affiliation

Alliance Coaching assists the process of building and managing relationships in project teams. It is both a framework and a process. Beyond focusing on problem analysis, our approach to Alliance Coaching is appreciative.

The framework enables a cooperative search for the best in people, their organisations and the project team itself. It involves systematic discovery of what gives 'life' to the project when it is most effective and most capable in economic, ecological and human terms. Conflicts, problems and stress are not dismissed, but are acknowledged when they arise, validated as lived experience and reframed in a meaningful way.

By enquiring into the positive core, a team enhances its collective wisdom, builds energy and resiliency for change, and extends its capacity to achieve extraordinary results.\*
