

# Rainmaker

## When it rains, it pours - growing business through opportunity and relationships

We help you unlock and grow your entrepreneurial qualities so that you may actively seek out and develop strategic, mutually beneficial relationships with potential clients and partners.

In this program area, participants experience and practice what it feels like to be a Rainmaker: adventurous, creative, flexible and genuine. Through a generative process of identifying and clarifying the relationships and networks salient to your organisation and the opportunities that lie within them, you emerge understanding the art of building and sustaining strategic relationships.\*
