"I'd like to be remembered for designing efficient and sustainable systems that help businesses thrive."

Expertise:

- Accounting
- Business Systems and Process Improvement
- Lean Six Sigma

Qualifications:

Lean Six Sigma Master Blackbelt
Diploma in Business (TAFE NSW)

Ed's skilful management and refinement of our financial processes and systems help to ensure that Performance Frontiers remains agile, responsive and successful.

Ed recognises the partnering role finance has in realising an organisation's strategy. Over six years, Ed has responded to manifold challenges of our rapidly evolving business and has helped Performance Frontiers thrive. His skillful management and refinement of our financial processes and systems help to ensure that we remain agile, responsive and successful. His financial expertise has been built through decades of financial consultation, dedicated bookkeeping, financial reporting and accounting both locally and nationally.
