Daniela supports Performance Frontiers with effective leadership behind the scenes in her role as Program Manager in the Design, Admin and Communications “DAC” lab.

Joining the team in 2021, Daniela was quick to leave her mark - focusing on innovation, transformation, and continuous improvement to revolutionise the office’s studio traffic, program delivery, business development, process management and reporting.

Prior to joining Performance Frontiers, Daniela has enjoyed a plethora of roles and responsibilities in her 20-year tenure across the UK and Australia. She brings experience in both the commercial and not-for-profit sectors; supported by strong formal qualifications and a skillset that extends across strategy development and execution, project management, new business development and new business set-up.
